REQUEST FOR PROPOSAL FOR LIBRARY DIRECTOR RECRUITMENT

1. Introduction

Douglas County is seeking the services for recruiting, screening, and recommending qualified applicants for the vacant position of Library Director. The scope of services sought includes search for/identify/recruit individuals within the parameters of the job description in conjunction with and adhering to Douglas County's posting and application process, review all candidate resumes and supplemental questionnaires, conduct preliminary interviews and reference checks of leading candidates and present qualified candidates for consideration.

This link to the Douglas County media kit will aid in your recruiting of applicants. [Media Kit](#)

2. Background

The position of Library Director has been vacant since July 9, 2021. One of the Supervisors of the Library is currently serving as Interim Library Director. Moss Adams, LLP conducted an organizational assessment of the Library operations and services between May and September 2021. The analysis was based on interviews with Library staff, the Library Board of Trustees (LBOT,) other County departments, and Library partners. The assessment also included document reviews and research into best practices. A copy of this report can be found in the September 28, 2021 LBOT Agenda and Meeting Packet: [9232021 Agenda Packet LBOT](#) As a part of this assessment, several characteristics were identified and distinguishing the roles of the library board and director that would be imperative with the recruitment for a new Library Director. The four characteristics identified in the report include Unifier, Community Oriented, Collaborative, Data Driven.

Douglas County began a search in August 2021. We received applications, phone screened and selected the top applicants to move to the panel interview comprised of Library partners, vested Library customers, Library and County staff. Two candidates withdrew before the panel interview. The remaining two candidates were selected to move forward to a public Meet and Greet event and the LBOT panel interviews. One of the two candidates withdrew prior to the interview date. The candidate that remained was interviewed by the LBOT and was not selected to move forward. It is the desire of the LBOT to have more than one candidate to consider, and to utilize an approach of reaching out to candidates who may not be actively seeking a new position, but would thrive in the excellent community and region in which the Douglas County Library is located.

3. Content and Cost Proposal

The Statement of Proposal shall consist of a cover letter not-to-exceed five pages. The cover letter will clearly state who the representative will be for the firm and must be signed by an officer of the corporation. The cover letter will clearly summarize the firm's qualifications and provide a list of three similar recruitments where their placed candidate remained in the position for at least 5 years. A document not-to-exceed 10 pages may be attached to the cover letter including resumes of key personnel, the firm's years of experience in executive search, a list of public agencies where the firm has successfully placed candidates, and other relevant information. Any other items submitted will be discarded and not considered.

Please include detail regarding scope and cost of services, deliverables and timeframe for completion of the required services.

1. Define your proposal in a straightforward and economical manner, providing a concise description of your firm's capabilities to satisfy the requirements of this RFP.
2. Provide your recruitment fee structure and a description of how costs are determined, including proposed travel expenses.
3. Timelines of the recruitment.
4. Cost should be defined on a per recruitment basis.
5. Please advise if there are additional incentives for granting exclusivity.

4. Submittal Deadline

To be considered for selection, please submit your Statement of Proposal to wlang@douglasnv.us or the address below by 5:00 p.m. on Thursday, December 30, 2021.

It is within the Library discretion to waive minor deficiencies in a qualification submittal and allow a respondent to correct minor deficiencies in or clarifying or supplement the qualification submittal. The Library reserves the right to modify or cancel this request for qualifications at any time. Our Approach

Key Stakeholder Involvement

The Hiring Manager on behalf of the County of Douglas must be intimately involved in the search for a new Library Director. Our approach assumes their direct participation in key phases of the search process. At the discretion of the Hiring Manager, other key stakeholders may also be invited to provide input for the development of the candidate profile.

County's Needs

A critical first step in a successful executive search is for the Hiring Manager to define the professional and personal qualities required of the Library Director. CPS HR has developed a very effective process that will permit the Hiring Manager to clarify the preferred future direction for the County; the specific challenges the County is likely to face in achieving this future direction; the working style and organizational climate the Hiring Manager wishes to establish with the Library Director; and ultimately, the professional and personal qualities required of the Library Director.

Commitment to Communication

Throughout the recruitment process, we are strongly committed to keeping you fully informed of our progress. We will collaborate with you to provide updates on the status of the recruitment via your preferred method of communication (phone conference, email, etc.).

We place the highest level of importance on customer service and responding in a timely manner to all client and candidate inquiries. Our previous clients and candidates have expressed a sincere appreciation for our level of service and responsiveness to the management of the recruitment process. As a result, we have many long-term relationships with clients that have led to opportunities to assist them with multiple recruitments.

CPS HR's communication continues once you have selected the new Library Director. We will contact the Hiring Manager and the newly appointed Library Director within six months of appointment to ensure an effective transition has occurred.

Aggressive, Proactive, and Robust Recruitment

We take an aggressive approach in identifying and recruiting the best available candidates. There are those candidates who would gladly rise to the professional challenge and apply for this position; however, some of the best candidates are often not actively seeking a new position and may only consider a change once we present them with your opportunity. Evoking the sense of vision and opportunity in qualified persons is among the responsibilities of CPS HR, and we pride ourselves in our efforts to reach the best available potential candidates. We use advertisements, directly email the outreach brochure, post messages and connect with potential candidates on business media such as LinkedIn, and of course, pick up the phone and call qualified individuals and referral sources.

Diversity Outreach Process

CPS HR strives to attract the most highly qualified, diverse candidate pool possible. We are pleased that our diligent efforts have resulted in more than 51% of our executive level placements being minority and/or female candidates within the past three years. Our City Manager search for the City of East Palo Alto is an excellent example of our diverse outreach process. The City's demographics are 6% White, 16% Black, 4% Asian, 7% Pacific Islander, 64% Hispanic, and 3% Other. It was a high priority of the Mayor and City Council to pursue and demonstrate a diverse outreach process.

We accomplished this by advertising with organizations like the National Forum for Black Public Administrators and the Local Government Hispanic Network in order to reach these specific population groups. We also sought candidate referrals from local subject matter experts and the national leadership of groups like Women Leading Government. By taking the time to directly contact these influential industry experts, we ensured that we captured the maximum number of distinguished candidates – particularly those who are well-known in their industries, but who may not be actively looking for a new job.

The result was an incredibly diverse finalist group and our successful placement was an experienced Hispanic candidate. The elected officials were quite pleased with the process and end result. In fact, one Councilmember mentioned that he had checked with neighboring communities behind the scenes regarding their recent recruitments and could confirm that our candidate pool was most impressive in comparison – likely in terms of quantity, quality, and diversity.

Hiring during the COVID-19 Pandemic

Long before COVID-19 came into the common vernacular, CPS HR was engaged in a digital transformation to modernize and retool our services to provide remote support to our clients. Our standard platform is Microsoft Teams™, where we collaborate with our team members and even client staff to ensure a seamless flow of information. This investment has paid dividends during the remote working revolution over the last six months. We have not observed a decrease in the quality of the recruitment and selection process for our clients, and an overwhelming majority of clients have made hires using only our interview process conducted through Microsoft Teams™.

Several good examples of success are our recent City Manager recruitments for Bozeman, Montana and Reno, Nevada. CPS HR conducted the recruitments during COVID-19, and City Council members were able to interview each candidate and feel comfortable about reaching a consensus on a final selection using only the virtual environment without ever having met the candidate.

We are also able to adapt to other technologies and protocols that the client may have. Because our staff has been working remotely for several years, we are extremely flexible and can meet your needs according to your level of comfort and security.

Methodology and Scope of Work

Our proposed executive search process is designed to provide the County with the full range of services required to ensure the ultimate selection of a new Library Director uniquely suited to the County's needs.

Phase I: Our consultant will meet with the Hiring Manager to ascertain the County's needs and ideal candidate attributes, to target our search efforts, and maximize candidate fit with the County.

Phase II: The recruitment process is tailored to fit the County's specific wants and needs, with targeted advertising, combined with contacts with qualified individuals from our extensive database.

Phase III: The selection process is customized for the County. CPS HR will work with the Hiring Manager to determine the process best suited to the County of Douglas.

Phase I - Develop Candidate Profile and Recruitment Strategy

Task 1 - Review and Finalize Executive Search Process and Schedule

Task 2 - Key Stakeholder Meetings

Task 3 - Candidate Profile and Recruitment Strategy Development

Task 4 – Develop Recruitment Brochure

The first step in this engagement is a thorough review of the County's needs, culture and goals; the executive search process; and the schedule. CPS HR is prepared to meet with key stakeholders to obtain input in developing the ideal candidate profile and to assist us in understanding key issues and challenges that will face a new Library Director. Activities will include:

- Identifying key priorities for the new Library Director and the conditions and challenges likely to be encountered in achieving these priorities.
- Describing the type of working relationship the Hiring Manager wishes to establish with the Library Director.

- Generating lists of specific competencies, experiences, and personal attributes needed by the new Library Director in light of the discussions above.
- Discussing recruitment and selection strategies for the Hiring Managers consideration to best produce the intended results.

CPS HR will provide a summary to the County stemming from these activities as an additional source of information for developing the candidate profile and selection criteria.

Following the completion of the workshop session, CPS HR will work with a professional graphic artist to design a recruitment brochure and present it to the County for review. Please refer to **Appendix A** for a sample brochure. Additional brochure examples are available on our website at www.cpshr.us/search.

Phase II – Aggressive, Proactive, and Robust Recruitment

Task 1 – Place Advertisements

Task 2 - Identify and Contact Potential Candidates

Task 3 – Resume Review and Screening Interviews

Task 4 – Hiring Manager Selects Finalists

The recruitment process is tailored to fit the County's specific wants and needs, with targeted advertising, combined with personal contacts with qualified individuals from our extensive database.

CPS HR will prepare, submit for your approval, and publish advertisements on professional and affiliate websites to attract candidates on a nationwide, regional, local or targeted basis based on the recruitment strategy. Examples may include:

Advertising Sources	
<ul style="list-style-type: none">● CPS HR website● Library Journal● American Libraries● Library Leadership & Management Association● Public Library Association	<ul style="list-style-type: none">● American Library Association● LinkedIn● DiversityJobs.com● Association of Rural and Small Libraries● Association of Specialized, Government and Cooperative Library Agencies

As a consulting firm that interacts with hundreds of public sector executives during engagements, we have a cadre of individuals who we inform of recruitments, both to increase the visibility of the opening and to attract appropriate individuals who fit the special needs of our client. Communication with these professionals ensures that an accurate picture of the requirements of the job is apparent and proliferated throughout their professional networks.

CPS HR is focused on reaching a diverse candidate pool and would recommend publications/websites that are targeted to minority and female candidates. In addition to placing ads on websites aimed at minority candidates, we will contact leaders within appropriate associations to gain their insight and referrals of possible candidates.

Within the past three years, more than 51% of our executive level placements have been minority and/or female candidates.

CPS HR will prepare an email distribution list containing prospective candidates and referral sources. These individuals will receive a link to the Library Director brochure along with a personal invitation to contact CPS HR should they have any questions about the position.

CPS HR maintains a comprehensive, up-to-date database of industry leaders and experienced professionals; however, we do not rely solely upon our current database. We also conduct research to target individuals relevant to your specific needs and expectations to ensure that we are thorough in our efforts to market this position to the appropriate audience and to garner a diverse and quality pool of candidates.

We will:

- Convey a strong sense of the purpose and strategy of the County. For many talented individuals, understanding these aspects is one of the key motivators to compete in such an environment.
- Provide guidance and resources to candidates regarding the area's cost of living, mean and median housing prices, higher education opportunities, K-12 education information, and other aspects of interest to those who are considering relocating to the area.
- Actively seek highly qualified candidates who may be attracted by the prospect of collaboration with other departments, providing exceptional leadership to the County or continuing to ensure the public confidence in the integrity of the County.

CPS HR will directly receive and initially screen all resumes. This screening process is specifically designed to assess the personal and professional attributes the County is seeking and will include a thorough review of each candidate's resume, and if applicable, supplemental questionnaire responses and other supporting materials. CPS HR will personally speak to selected candidates during a preliminary screening interview and will spend extensive time ascertaining each candidate's long-term career goals and reasons why the candidate is seeking this opportunity, as well as gaining a solid understanding of the candidate's technical competence and management philosophy. We will gather data on any other unique aspects specific to this recruitment based upon the candidate profile, as well as conduct internet research on each candidate interviewed.

CPS HR will prepare a written report that summarizes the results of the recruitment process and recommends candidates for further consideration by the Hiring Manager. Typically, the report will recommend five to eight highly qualified candidates and will include resumes and a profile

on each interviewee's background. CPS HR will meet with the Hiring Manager to review this report and to assist them in selecting a group of finalists for further evaluation.

Phase III – Selection

Task 1 - Design Selection Process

Task 2 - Administer Selection Process

Task 3 – Final Preparation for Appointment

Task 4 – Contract Negotiation (if requested)

CPS HR will design a draft selection process based on information gathered in Phase I. We will meet with the County to review this process and discuss the County's preferred approach in assessing the final candidates. The selection process will typically include an in-depth interview with each candidate but may also include other selection assessments such as an oral presentation, preparation of written materials, and/or problem-solving exercises.

We will coordinate all aspects of the selection process for the County. This includes preparing appropriate materials such as interview questions, evaluation manuals, and other assessment exercises; facilitating the interviews; assisting the County with deliberation of the results; and contacting both successful and unsuccessful candidates.

Following the completion of the selection process, CPS HR will be available to complete the following components:

- **Arrange Follow-up Interviews/Final Assessment Process:** Should the County wish to arrange follow-up interviews and/or conduct a final assessment in order to make a selection, CPS HR will coordinate this effort.
- **Conduct In-Depth Reference Checks:** The in-depth reference checks are a comprehensive 360-degree evaluation process whereby we speak with current and previous supervisors, peers, and direct reports. (It is our policy to not contact current supervisors until a job offer is made, contingent upon that reference being successfully completed, so as not to jeopardize the candidates' current employment situation.) Candidates are requested to provide a minimum of five references. CPS HR is able to ascertain significant, detailed information from reference sources due to our commitment to each individual of confidentiality, which leads to a willingness to have an open and candid discussion and results in the best appointment for the County. A written (anonymous) summary of the reference checks is provided to the County.
- **Conduct Background Checks:** We will arrange for a background check of a candidate's records on driving, criminal and civil court, credit history, education, published news, and other sensitive items. Should any negative or questionable content appear during these checks, CPS HR will have a thorough discussion with the finalist(s) and will present a full picture of the situation to the County for further review.

- **Contract Negotiation (if requested):** Successful negotiations are critically important, and we are available to serve as your representative in this process. With our expertise, we can advise you regarding current approaches to various components of an employment package. We can represent your interests with regards to salary, benefits, employment agreements, housing, relocation, and other aspects, with the ultimate goal of securing your chosen candidate.

Timeline

The project team CPS HR has selected is prepared to begin work upon receipt of a fully-executed contractual agreement. All search activities up to and including the selection of new Library Director can be completed in 12 to 14 weeks. The precise schedule will depend on the placement of advertising on appropriate professional and affiliate websites, and the ability to schedule, as quickly as possible, the initial meeting. Ms. Wendy Lang
Director of Human Resources
Douglas County
1594 Esmeralda Avenue
Minden, NV 89423

Dear Ms. Lang:

The search for a new leader is always important, but finding exactly the right person to serve as Douglas County Library Director at this time is especially crucial to the future of the organization. The Library is seeking a Director who can unify stakeholders, focus on community and patron needs, collaborate by communicating needs and managing change, and use data to deliver high-quality services. The new Director must build on the Library's recent organizational assessment and help the organization with strategic planning. It is a position that will require a unique blend of skills and sensitivity.

Management Partners' recruiters have decades of experience working in local government, so they understand the demands of the position, the goals of governing bodies, and the context in which the search is taking place. They seek first to understand the position, the community and the organization, then draw on our extensive networks of local-government professionals to find the best candidates, and finally to help decision-makers select the right person for the role. Our recruitment practice is built on understanding the importance of "best fit" for the organizational culture and the leadership qualities that meet the current and anticipated needs of the organization.

Several other qualities distinguish Management Partners' executive search services. Our pool of associates reflects our client base, and we use our national networks to identify qualified candidates and vet them through the lens of the Library's unique traits. We work with you to establish a schedule that will meet your requirements, and we are able to support the Library and the preferred candidate even after the selection process to ensure a smooth transition. And our team includes recruitment specialists as well as a library subject-matter expert, to ensure a variety of perspectives leading to optimal results.

We work with you to articulate the core values of your organization and the key issues to be addressed when recruiting a new person.

We recruit proactively. Our work assisting local governments across the U.S. gives us a trusted and respected national presence through the clients we serve and the skills and contacts of our staff. This perspective is a particular strength as we work to bring highly qualified candidates to your organization. We believe that thoughtful, intentional outreach, tailored to each search, is the key to success in executive recruitment.

We get results. We will complete a search to your satisfaction regardless of the time and effort required.

We guarantee our work. If the person you hire does not work out within a year, we will reopen the search and assist you in replacing the person for no additional professional fee. Should this unlikely situation occur, we would expect to only be reimbursed for out-of-pocket expenses for advertising and related costs.

PLAN OF WORK

Based on our experience and our understanding of the needs of Douglas County Library, we have prepared the following plan of work. We expect to refine the following framework to address your specific circumstances and preferences.

Activity 1 – Develop Search Strategy

Management Partners begins each search by asking the question, “How would you know five years from now that you had hired the right person?” We need to understand both the explicit and implicit standards of the organization.

To answer this important question, we will meet with the Library Board of Trustees, Library staff, leaders of the Friends of the Douglas County Library, and other stakeholders recommended by the Board of Trustees to understand the duties and responsibilities of the position, minimum qualifications, evaluation criteria and other important qualities and characteristics essential to success in the position. We want to understand the culture and the strategic goals that the organization has for the new Library Director.

At the conclusion of these interviews, we will prepare a comprehensive and visually appealing position brochure for your review, modification, and agreement prior to beginning the search. This profile will identify the Library’s needs, the strategic challenges of the position as well as the personal and professional characteristics of the ideal candidate. This document drives the recruitment and enables us to focus our efforts on candidates who will be most able to do the job.

Management Partners will then identify how we will contact individuals who could best meet the requirements established in the position profile. We start with the premise that we want to attract the best people in the field, regardless of whether they are looking for a new job.

The strategy will identify target networks and organizations as well as communication methods for reaching outstanding candidates and those who could recommend professionals we should contact for the position. We use a wide variety of sources including professional association networks, LinkedIn, websites and industry publications, resources from past consulting assignments, and targeted networking. As with all our recruitments, the strategy includes specific organizations and networks for reaching women and minority candidates who would be outstanding individuals for the position.

Schedule: Weeks 1-3

Activity 2 – Conduct a Comprehensive Recruitment Campaign

We will canvass our networks to identify candidates who will be most able to do the job and distribute the brochure to qualified professionals and those who could refer qualified individuals to us. We will also be placing targeted advertisements and electronic postings in appropriate media. We will make direct personal contact with those we believe would be a best fit for your position. We will use the written profile and other materials that describe the opportunity to help us persuade those most qualified to consider the position.

Management Partners will screen the resumes of all candidates, looking for the experience and skill sets that most closely meet the requirements of the position. We will conduct preliminary interviews through video or telephone with the most qualified candidates. Through these interviews we learn the individual's reason for being interested in your position, whether they have encountered challenges similar to those in your organization, and what the candidate believes they would bring to your position. We also obtain compensation history and reference information. Internal candidates (current employees) will be screened using the same standards by which external candidates are evaluated. We use a competitive assessment process that consists of evaluating each candidate against the field in terms of their ability to meet the challenges of the position.

As your representative for the recruitment process, we take steps to ensure that your reputation is preserved by ensuring courtesy and confidentiality in our communications throughout. For the top candidates, we then talk with professional references with whom they have worked (including those they have supervised and those who have supervised them).

Schedule: Weeks 3-10

Activity 3 – Facilitate the Selection Process

We will meet with the hiring manager and/or others as designated to discuss the candidates recommended for further consideration. During the meeting we will review the resumes, discuss the results of our preliminary interviews, and determine which individuals you are interested in inviting for interviews.

We will prepare an interview guide that contains information about each of the persons to be interviewed. We will be prepared to support the interview process to the extent you desire, including sample questions for Library representatives to ask candidates and facilitating the interview process. This may include structuring an out-of-town candidate's visit to enable him/her to gain more comfort

with the attractions and challenges in your community and to give you a second and deeper chance to examine the candidate.

We will also conduct education, certification, credit, and criminal background checks (each going back five to seven years) to confirm the strength of their credentials for the position. We do this using a contractor with the technical ability and legal authority to conduct these investigations.

Schedule: Weeks 11-17

Optional Post-Recruitment Activities

The first year of a new leader's tenure is a crucial time for both the leader and the organization. To encourage growth and positive change, we offer the following supplementary services:

- **Six-month check-in:** A facilitated check-in six months after the new Director's start is a helpful way for the Board of Trustees and the Director to discuss progress, goals and vision. It is usually structured as a half-day session and can form the basis for later performance evaluations.
- **Executive coaching:** Coaching can help improve communication, leadership, prioritization, and other skills needed for peak performance.
- **Performance evaluation plan:** An annual performance review facilitated by a third party engages the governing body and the manager in constructive dialogue that allows priorities to be articulated, promotes consensus, provides valuable feedback and strengthens the council/manager relationship.

OUR EXPERIENCE

Management Partners specializes in assisting local government organizations and provides quality executive recruitment for higher-level public-sector professionals. Project Approach / Methodology

Our Understanding of the Assignment

Douglas County desires assistance in the identification and recruitment of a highly qualified group of candidates for the position of Library Director. In particular, the Library Board of Trustees will want a firm with the professional experience to clearly assess the County's needs and formulate a strategy to deliver quality results.

At Ralph Andersen & Associates we believe that gaining a complete understanding of our client's specific objectives and priorities is essential prior to launching any search assignment. This process includes the identification and incorporation of a variety of important details such as the candidate's desired skills and experience as well as the critical soft skills related to temperament, personality, management philosophy, and other factors that will ultimately determine the candidate's fit with the organization.

We begin each search by working closely with the County, specifically in Douglas County with the Library Board of Trustees, county staff and, when appropriate, the community to ensure a complete picture of the desired candidate pool is developed. Our team-oriented approach matched with this 360-degree perspective means we ensure that a complete understanding of the organization's mission and culture translates into those specific traits and characteristics necessary to ensure the selected candidate is successful in the position.

We anticipate that the County will expect aggressive, personalized outreach to identify a diverse and highly qualified applicant pool and a selection process that includes comprehensive candidate reports based on thorough reference and background checks. We will begin with fully detailed profiles of the desired candidate's characteristics and build a recruitment strategy that is tailored to meet the County's specific needs. The resulting outreach and advertising campaign will incorporate the extensive use of personal outreach to recruit a diverse and highly qualified group of candidates.

Our Approach to the Recruitment Process

The successful search process relies heavily on person-to-person contact to identify outstanding potential candidates and, in the evaluation phase, to gain a complete understanding of the background, experience, and management style of the top candidates. Our approach includes:

- Extensive **personal outreach**, via telephone or video, to qualified candidates within Nevada, the Western Region, and the nation.
- A **marketing strategy** that uses selected advertising to supplement the extensive candidate identification process using the Internet and using the firm's vast network of professional contacts.

- A **screening process that narrows the field of candidates** to those who most closely match the needs of the County and is based on **preliminary research and telephone interviews** with the top candidates.
- **Delivering a product in the form of a search report that recommends the top group** of candidates and provides the Library Board of Trustees with detailed information about their backgrounds and experiences.
- Assistance during the final interview and the selection process.
- Being available, as needed, to assist with the negotiation and development of an employment agreement during the final stages of the process.

Search Work Plan

We approach every search with a sense of excitement and urgency and we always “hit the ground running.” That means that when the County gives us notice to proceed, we kickoff the process immediately – working closely with the Library Board of Trustees, key County Staff, and others as requested, to identify the key characteristics and professional experience desired in the candidate pool. We believe strongly in providing timely client communications and, while we will deliver regular status reports at each stage of the search, our consultants pride themselves in being highly accessible and responsive to all client requests and inquiries.

Given the uncertainty regarding in-person meetings and travel due to the COVID-19 pandemic, meetings will be conducted via videoconference during the recruitment process.

Task 1 – Review Project Management Approach

The Project Director, Mr. Slaughter, will begin work on this project within 10 days (or sooner) after the County provides a contract or, alternatively, an official notice to proceed. The first task will include meeting with the Library Board of Trustees, key County staff, and others, as appropriate, to finalize the recruiting and selection process. This will include a discussion of the project management for this search, review of the work plan, confirmation of timing, and communication methods. Working collaboratively with the Library Board of Trustees and key County staff, this task will result in a more definitive timetable.

As part of our overall approach to this project, the Project Director will deliver regular status reports at each stage of the search. In addition, Mr. Slaughter will be highly accessible and responsive to client and candidate requests and inquiries.

Task 2 – Develop Position Profile

The position profile for the Library Director is the guide for the entire search process. The development of the profile includes the collection of technical information and recruitment criteria.

Technical Information

Mr. Slaughter will meet with the Library Board of Trustees to gain an understanding of the experience and professional background requirements desired in the Library Director. Oftentimes, key staff, community leaders, and other stakeholders are interviewed to help create a broader understanding of the unique aspects of the position. These meetings will also help the Project Director gain an understanding of the work environment and the issues facing Douglas County.

The Organizational Assessment that was recently conducted by Moss Adams, LLP of the Library operations and services between May and September 2021 will be reviewed by the Project Director.

Compensation

If desired, Ralph Andersen & Associates will assist the County in establishing a compensation package for the new Library Director. Ralph Andersen & Associates has conducted hundreds of compensation consulting assignments involving executive positions. Our methods include the collection and analysis of salary and benefit data and/or the use of published survey resources to ensure a competitive compensation package is established.

Recruitment Criteria

The recruitment criteria are those personal and professional characteristics and experiences desired in the Library Director. The criteria should reflect the goals and priorities of the County. Mr. Slaughter will meet with key staff in the County and others, as appropriate, to facilitate the identification and articulation of that criteria.

Subsequent to the development and adoption of the candidate profile, the technical information and recruitment criteria will be documented in an information brochure prepared by the Project Director. The brochure will be reviewed by the County in draft format, revised as appropriate, and published for use throughout the search.

Task 3 – Outreach and Recruiting

This task is among the most important of the entire search. It is the focus of the activities of the Project Director and includes specific outreach and recruiting activities briefly described below.

Outreach

An accelerated outreach and advertising campaign will be developed. It will include the placement of ads in publications such as the National Association of Counties, American Library Association, Arizona State Library Association, and other professional resources. Specific Internet sites related to government will be used as a method of extending the specific outreach in a short period of time.

Additionally, the advertisement and the full text of the position profile (the recruitment brochure) will be placed on Ralph Andersen & Associates' website, which is accessed by a large number of qualified candidates. This method of outreach to potential applicants provides a confidential source that is monitored by many key level executives on an on-going basis.

Candidate Identification

Ralph Andersen & Associates will use their extensive contacts to focus the recruiting effort. In making these contacts, the Project Director will target those individuals who meet the criteria set by the County. Each of the candidates identified through the recruiting efforts will be sent an information brochure. Candidates will also be contacted directly to discuss the position and to solicit their interest in being considered.

Both the outreach and recruiting activities will result in applications and resumes from interested candidates. As they are received, resumes will be acknowledged and candidates will be advised of the general timing of the search process. The following tasks involve the actual selection process, once all resumes have been received.

Task 4 – Candidate Evaluation

This task will be conducted following the application closing date. It includes the following specific activities:

Screening

All of the applications will be carefully reviewed. Those that meet the recruitment criteria and minimum qualifications will be identified and subject to a more detailed evaluation. This evaluation will include consideration of such factors as professional experience and size and complexity of the candidate's current organization as compared to the candidate profile.

Preliminary Research and Internet Review

The research staff of Ralph Andersen & Associates, under the direction of the Project Director, will conduct preliminary research and internet review for those candidates identified as the most qualified as a result of the screening process. This level of research will be done on a limited number of candidates to learn more about each candidate's public profile and related information that is available on the internet.

Preliminary Interviews

The Project Director will conduct preliminary interviews with the top group of candidates identified through the screening and preliminary research and Internet review processes. The interviews are extensive and designed to gain additional information about the candidates' experience, management style, and "fit" with the

recruitment criteria. Interviews will be conducted using video technology or via telephone. No consultant travel for preliminary in-person interviews has been included in this proposal.

The screening portion of the candidate evaluation process typically reduces a field of applicants to approximately five to ten individuals. Those individuals will be reviewed with the Library Board of Trustees prior to proceeding with the individual interviews.

Task 5 – Search Report

After completing Task 4, all documentation will be supplied to the County electronically. No hard copies will be supplied to the County for any phase of this search engagement. Mr. Slaughter will prepare detailed information for review including resumes uploaded to a file sharing system (i.e., DropBox or Sharefile). Mr. Slaughter will conduct a conference call via Zoom with the Library Board of Trustees or other designated representative to review the search report on the top candidates. The report divides all of the candidates into four groups including 1) the top group of candidates that are recommended to be interviewed by the County; 2) a backup group to the first group; 3) no further consideration group; and 4) lacks minimum qualifications. The search report will include resumes for candidates in both the highly qualified and qualified groups. The results of preliminary research and interviews will be provided in writing to the County. This video meeting will result in a confirmed group of top candidates for the County to further consider.

The results of the Search Report will be a confirmed group of finalist candidates (typically 4 to 5) that the Library Board of Trustees will interview.

Task 6 – Selection

The final selection process will vary depending upon the desires of the Library Board of Trustees. Typical services provided by Ralph Andersen & Associates in the selection process are described briefly below:

- Mr. Slaughter will coordinate the selection process for the finalist group of candidates. All finalist interviews will be done via video using Zoom. This includes handling the logistical matters with candidates and with the Library Board of Trustees.
- Ralph Andersen & Associates will prepare an electronic interview booklet (uploaded to a file sharing program such as DropBox or ShareFile) that includes the resumes and candidate report (with interview comments, preliminary research, and other relevant information about the candidates). In addition, this electronic information will contain suggested questions and areas for discussion based upon the recruitment criteria. Electronic copies of the interview booklet will be provided in advance of the candidate interviews. No hard copies of materials will be provided. Should the County desire hard copies, that will be the responsibility of the County to produce and distribute.
- Mr. Slaughter will facilitate the Zoom Interviews to assist the Library Board of Trustees through the selection process. Important to note, all parties will be using this video technology. This includes all candidate, panel members, and the County. This assistance will include an initial orientation, candidate introductions, and facilitation of discussion of candidates after all interviews have been completed.
- Additionally, verifications will be made on the top two candidates and will include education verifications, Department of Motor Vehicle check, wants and warrants, civil and criminal litigation search, and credit check. Additionally, Ralph Andersen & Associates will verify any stated certifications that candidates may have to verify they are currently in good standing and review any notations on their licenses in the form of any public complaints against the individual. The results of these verifications will be discussed with the County at the appropriate time.
- Reference checks will only be conducted on the top candidate. The results of these reference checks will be discussed with the County at the appropriate time. Should the County require additional reference checks on more than the top two candidates, an additional fee will be added.
- As needed, Mr. Slaughter is available to provide assistance to the County in the final selection as may be desired. This assistance may include providing or obtaining any additional information desired to assist in making the final selection decision.

Task 7 – Negotiation

Mr. Slaughter is available to assist the County in negotiating a compensation package with the selected candidate. This may include recommendations on setting compensation levels.

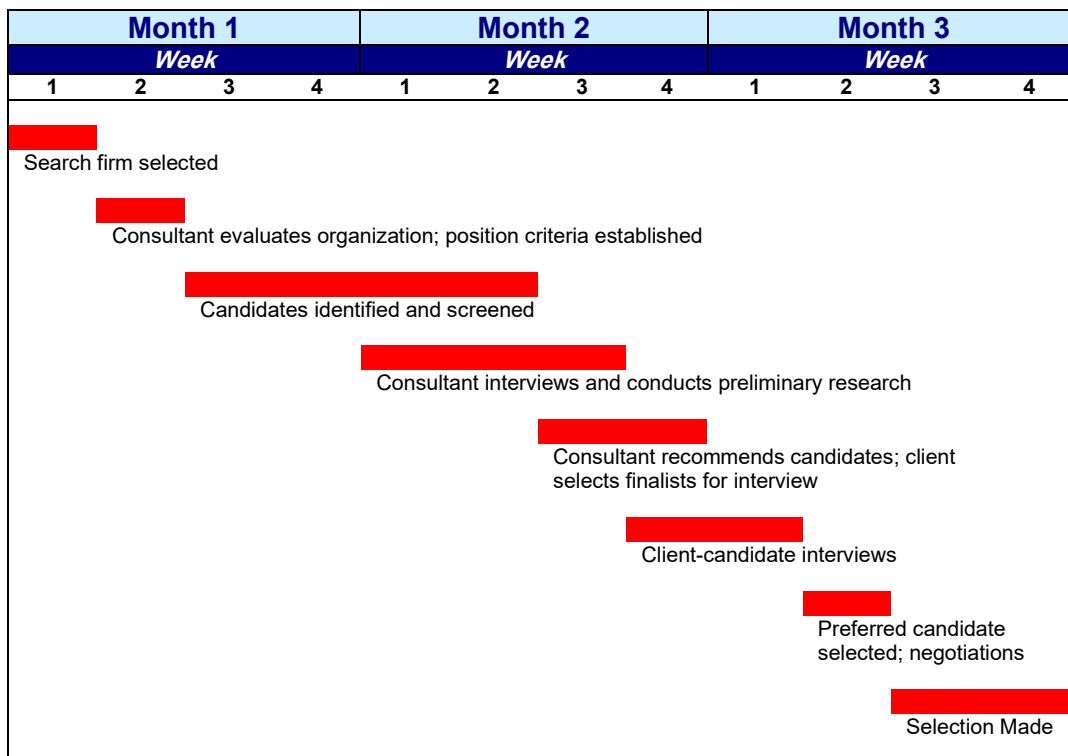

Task 8 – Close Out

After the County has reached agreement with the individual selected for the position, the Project Director will close out the search. These activities will include advising all of the finalist candidates of the status of the search by telephone.

Project Timeline

Ralph Andersen & Associates will complete the search within 90-120 days from the execution of the agreement to the presentation of candidates. Important to note, there may be some degree of unforeseen delay in the process due to the on-going impacts of COVID-19. As a firm, the extensive use of video technology for meetings and candidate interviews has greatly assisted our consultants to continue to meet demanding timelines and achieve successful placements even during a pandemic.

A brief overview of the recruitment schedule is presented below. This schedule does not include transition time by the selected candidate to join the County. For the position of Library Director, oftentimes a 30 to 60-day notice is required for the selected candidate to transition from their current employer to a new organization.

Why Choose Ralph Andersen & Associates?

At Ralph Andersen & Associates, we believe that gaining a complete understanding of our client's specific objectives and priorities is essential prior to launching any search assignment. This process includes the identification and incorporation of a variety of important details such as the candidate's desired skills and experience as well as the critical "soft skills" related to temperament, personality, management philosophy, and other factors that will ultimately determine the candidate's "fit" with the organization.

Our substantial background and understanding of counties make us ideally suited to represent the interests of Douglas County.

We take a multi-disciplinary approach to executive search and the entire process. This is where Ralph Andersen & Associates sets itself apart:

- There's always an **entire team** behind every assignment;

Project Cost

The recruitment effort for a new Library Director will be a national search process with a focus in Nevada and the Western Region. The review of resumes and qualifications will be conducted on all candidates that submit giving the County the ability to select from a broad field of qualified candidates. The professional services fee to perform this search will be a **fixed fee of \$28,500*** for recruitment services and all related expenses.

***Expenses** included in this fixed fee include such items as advertising, consultant interaction (anticipated to be done 100% through video conferencing), clerical, graphic design, research, and long-distance telephone charges. On top candidates, Internet and Lexis/Nexis searches will be conducted. Additionally, education verifications, DMV check, wants and warrants, civil and criminal litigation search, and credit check will be conducted on the top two candidates. Reference checks will be conducted on the top candidate. Should the County desire to conduct reference checks on more than one candidate, a background fee of \$1,800 per candidate will be billed in addition to the above stated fees.

As previously stated, Ralph Andersen & Associates is leveraging cloud-based applications to operate in a total virtual environment. All meetings and interviews will be conducted by video (Zoom Technologies), all work products provided to the client will be electronically transmitted (properly organized and tabbed) using either DropBox or ShareFile.

Note – No consultant travel has been included in the above fees due to COVID-19. Should travel be required and advisable (with social distancing involved), travel will be based out of Dallas, Texas (vs. the Sacramento Area Office of Ralph Andersen & Associates) due to the residency of the Project Director, and will be invoiced to the County at cost. Due to COVID, it is anticipated that all meetings, resume review, and finalist interviews will be done using video technology.

Invoicing for Services – Ralph Andersen & Associates will bill the County in four installments as follows:

- Following kick-off and finalization of recruitment brochure – \$8,550
- After the closing date – \$8,550
- After finalist interviews – \$8,550
- Upon placement – \$2,850

Progress payments will be due upon receipt.

If within a one-year period after appointment, the Library Director resigns or is dismissed for cause, we will conduct another search free of all charges for professional services. The County would be expected to pay for the reimbursement of all incurred expenses.

Should the initial outreach efforts not result in a successful placement, Ralph Andersen & Associates will continue the outreach efforts until the ideal candidate is found. The County will be responsible for expenses based on actual receipts.
